Comfort Supports the Quest for Knowledge Tengya Safeguards the Journey of Growth

舒适承托求知梦 · 腾亚护航成长路

Rooted in Yongkang, Zhejiang, known as the "Hardware Capital of China," Tengya Industrial & Trading Co., Ltd. has established itself as an "Intelligent Manufacturing Expert in Educational Equipment." Leveraging Yongk century-old hardware craftsmanship and intelligent manufacturing advantages, the company has built a comprehensive steel-wood school furniture industrial chain covering all educational scenarios. As a drafting unit of the national standard "GB/T 3976-2014 Teaching Equipment Standard," the company holds ISO9001 quality management system certification with a 99.8% qualified rate in critical processes. It has been recognized as both a National High-Tech Enterprise and a Technology-based SME, accumulating 7 utility model patents for innovations like modular dormitory beds and intelligent height-adjustable desks.

Focusing on educational scenarios, Tengya has developed eight major product series including smart classrooms, laboratory research equipment, dormitory solutions, library systems, and public dining facilities, forming a full-scenario service matrix. By integrating 3D

modeling, ergonomic design, and intelligent manufacturing technologies, the company has created over 100 patented products catering to diverse needs from K12 education to higher education and vocational training. Through its fully digitalized ERP/MES systems, Tengya achieves a 48-hour rapid response mechanism, serving more than 2,000 educational institutions across all 31 Chinese provinces, including flagship projects for 985/211 university laboratories and vocational training bases.

Driven by the philosophy of "Intelligent Manufacturing · Educating the Future," Tengya dedicates 8.2% of annual revenue to R&D, collaborating with institutions like Zhejiang University through industry-academia-research bases to advance smart and eco-friendly educational equipment. By participating in global hardware expos and building international supply chains, the company continues absorbing advanced technologies to strengthen the regional "Yongkang Hardware" brand, committed to delivering high-standard, sustainable equipment solutions for global educational institution

浙江腾亚工贸有限公司 ——教育装备智造专家

扎根于“中国五金之都”浙江永康，腾亚工贸以“教育装备智造专家”为使命，依托永康百年五金工艺底蕴与智能制造优势，构建起覆盖教育全场景的钢木校具产业链。作为国家标准《GB/T 3976-2014 教学设备标准》的起草单位，公司通过 ISO9001 质量管理体系认证，关键工序合格率达 99.8%，并拥有高新技术企业、科技型中小企业双重资质，累计获得 7 项实用新型专利，涵盖公寓组合床、智能升降课桌等创新设计。

午休桌椅系列

Lunch Break Desks & Chairs Series

TY-W001

午休课桌椅的调节性与舒适性

午休课桌椅通过可调节设计（如椅背倾斜、桌面角度调整、腿部支撑等）满足不同休息姿势需求。

椅背可调整至接近平躺的角度，桌面可倾斜以扩展午休空间，产品还配备头枕、腿托板，减少颈椎和腰椎压力。

座板、靠背及腿托板设计有透气孔，在夏季有效通风。

TY-W001

Adjustability and Comfort of Lunch Break Desks & Chairs

Lunch break desks and chairs meet diverse rest posture needs through adjustable designs, including backrest tilt, desktop angle adjustment, and leg support²⁶. The backrest can be reclined to a near-flat position (135°–165°), while the desktop tilts to expand rest space. Additional features like headrests and footrests effectively reduce

pressure on the cervical and lumbar spine¹⁵.

Seat cushions, backrests, and footrests are designed with ventilation holes to enhance airflow during summer, ensuring breathability and comfort in hot weather

缓解身体负担

可躺式设计替代传统趴睡，降低颈椎承受压力（研究显示错误趴睡时颈椎负荷为体重的 2-3 倍，并减少手麻、面部水肿等问题。长期使用可降低脊柱侧弯风险（用户脊柱异常率下降 27%）。

提升学习效率

符合人体工学的躺睡姿势可提高深度睡眠比例 15%（上海疾控中心数据），减少下午课堂困倦，专注力持续时间延长 20-30 分钟。

TY-W002

Alleviating Physical Strain

The reclining design replaces traditional prone sleeping, reducing cervical spine pressure (studies indicate improper prone sleeping places 2-3 times body weight on the neck¹). This innovation also mitigates issues like hand numbness and facial edema. Long-term use lowers scoliosis risks (27% decrease in spinal abnormalities among users³⁵).

Enhancing Learning Efficiency

Ergonomic reclining postures increase deep sleep by 15% (Shanghai CDC data³), reducing afternoon classroom drowsiness. Focus duration extends by 20-30 minutes, aligning with evidence that optimized rest improves cognitive performance.

午休课桌椅从“休息工具”升级为涵盖健康管理、行为矫正及智慧教育的综合解决方案，其普及不仅体现教育公平（城乡资源优化），更成为教育基础设施革新的标志。随着国家标准制定和技术迭代，其有望成为 K12 教育的标配产品。

TY-W003

Lunch break desks and chairs have evolved from mere "rest tools" into integrated solutions encompassing health management, behavioral correction, and smart education. Their widespread adoption not only reflects educational equity (through optimized urban-rural

resource allocation) but also signifies a landmark innovation in educational infrastructure. With the formulation of national standards (e.g., GB/T 3976-2024) and continuous technological advancements, these products are poised to become standard equipment in K12 education systems
